

Senator Ted Cruz Stands with the People of Iran on Holding the Mullahs Accountable

IAC-TX and IACNT commend Senator Ted Cruz (R-TX) for applauding the Administration's move to invoke the snapback mechanism.

WASHINGTON, DC, U.S.A, May 1, 2020 /EINPresswire.com/ -- [Iranian American Community of Texas \(IAC-TX\)](#)³ and Iranian-American Community of North Texas (IACNT), members of Organization of Iranian American Communities (OIAC) commend the recent [statement by Senator Ted Cruz \(R-TX\)](#), member of the Senate Foreign Relations Committee, for applauding the Administration's move to invoke the snapback mechanism defined in the United Nations Security Council Resolution 2231.

During a [U.S. Senate policy briefing on Iran](#)², held on March 12, 2020, with strong bi-partisan Senate support and representation from the Iranian-American leaders all across America, including Texas, Senator Cruz "called upon President Trump to invoke snapback sanctions under the Iran Deal."

We commend the statement by Senator Ted Cruz (R-TX) for applauding the Administration's move to invoke the snapback mechanism defined in the United Nations Security Council Resolution 2231. "

Our entire network, particularly the IAC-TX, and IACNT, are encouraged by Senator Cruz's remarks on standing "with the men and women of Iran in their fight against" the "cruel, oppressive, murderous tyrants" in Iran. Having been a strong advocate for "applying a maximum pressure campaign against the Iranian regime, to hold them accountable for their human rights abuses and once and for all end their reign of terror," Senator Cruz sets the correct tone in dealing with the Mullahs of Iran.

As a leading voice in the Senate, Senator Cruz has been on the forefront of correctly identifying what he calls the threat of a nuclear Iran as the single greatest national security threat facing the United States and the global community. We applaud his efforts to end oil and nuclear waivers, and to invoke the U.N.

snapback mechanism to restore international sanctions on the Iranian regime. We commend Senator Cruz for being a strong advocate for applying maximum pressure campaign against the Mullahs while holding them accountable for their human rights abuses and reign of terror.

Let us not forget how the people of Iran chanted across 200 cities last November saying, "death to the dictatorship" and "our enemy is here, they [regime] lie when they say it is America." The people of Iran deserve to have a free country, and they deserve a bi-partisan voice in their support. A free Iran is the best guarantee to end decades of the global threat of Islamic fundamentalism, and its epicenter in Tehran.

Sen. Cruz Applauds Trump Administration for Reported Move to Reimpose United Nations Sanctions on Iran

April 27, 2020 | 202-228-7961

HOUSTON, Texas - U.S. Sen. Ted Cruz (R-Texas), member of the Senate Foreign Relations Committee, today issued the following statement in response to media reports that the Trump administration is moving to invoke the snapback mechanism in United Nations Security Council Resolution 2231:

"I applaud the Trump administration for advancing toward finally and irreversibly ending the catastrophic Obama non-nuclear deal. I have long called for invoking the snapback mechanism, and it is absolutely clear that the United States is permitted to do so as an original participant state, as the State Department long ago concluded and confirmed to me in December. It is well past time to do so, otherwise in a few short months the U.N. arms embargo will expire and allow China to start selling billions of dollars of weapons to the Ayatollah, Iran has consistently been in violation of nuclear resolutions before, during, and after the negotiation of the deal, and the Ayatollah is right now systematically advancing toward a nuclear weapon. It is well past time to reimpose international sanctions."
